## Welcome to the World of SeaLife

**Imagine** floating effortlessly in a sea of tranquil beauty among colorful, curious and strange creatures. Whether new to underwater imaging or a seasoned dive photographer, SeaLife lets you capture these amazing memories with ease with the **DC2000**, **Micro 2.0**, and **ReefMaster RM-4K** cameras.

Combine your camera with a powerful **Sea Dragon** Photo/Video light or strobe to boost the vibrant colors in your images and video. Put it all together with SeaLife's innovative **Flex-Connect** camera and light mounting system. Everything fits together easily and comfortably, allowing you to enjoy the quiet and serene depths below.

# DC2000™ Underwater Camera

## Item SL740

Enjoy full creative freedom, with breathtaking images and incredible ease of use. SeaLife introduces their most sophisticated underwater camera yet, the SeaLife DC2000. With a large SONY® 1" type back-illuminated 20 megapixel image sensor and RAW format capabilities, the DC2000 will let your underwater inspirations guide you to stunning results.

The best of both worlds: With DSLR-like imaging results you'll want to make the DC2000's waterproof inner camera your go-to land camera with the ability to create rich landscapes and beautiful close-ups and portraits.

### Technical Features

**SONY® 1" back-illuminated 20MP image sensor**  
Full HD 1080p @ 60fps video resolution

**JPEG & RAW Image Format** for high-resolution, uncompressed files for editing (.dng format)

**Auto Focus** from 4 in / 10 cm to infinity

**3" 920k high resolution color LCD display**

**Powerful 1130 mAh 3.7V lithium ion** removable battery for 2+ hours of operation (Spare Battery Item SL7404)

..... Inner camera waterproof  
..... up to 60ft / 18m

### Special Features

**Ultra-fast auto focus** with 0.1 second shutter response time

**7-element, fully multi-coated optical grade aspheric lens**

**4 underwater modes** with built-in color correction

**25 Land Scene modes** for various shooting environments

**3 built-in underwater digital color correction filters**

**Manual aperture control** from F1.8 to F11 in 17 stops

**Intelligent Auto mode** selects optimal land scene mode for shooting

**Continuous Burst Shooting** captures high resolution pictures at 10 frames per second

**Optical Stabilization** reduces camera shake (in video).

**Manual White Balance** control to customize color

**Manual shutter and aperture** control options

**Micro SD, SDHC SDXC and UHS-1 memory card**

**WiFi** to wirelessly preview, download and share pictures/videos to a smart device

**Expandable** with Fisheye and Wide Angle Lens, Sea Dragon Flash and Photo-Video Lights

**Inner camera waterproof** up to 60ft / 18m

**Shooting angle: Land 66°, Underwater 50°**

**Depth rated to 200 feet / 60 meters**

# SeaLife Micro 2.0: Great Pictures Made Easy

# micro 2.0™ Underwater Camera

Item SL510 32GB / Item SL512 64GB

Capture the undersea world with the permanently sealed, flood-proof SeaLife Micro 2.0 underwater camera. The Micro 2.0 is ready to dive right out of the box. No O-rings to maintain, and no need to worry about leaks.

The brilliant performance of the Micro 2.0 comes from the 16 megapixel SONY® CMOS sensor that captures amazing color and detail. Small and ergonomic, the Micro 2.0 camera is easy to handle underwater, operating with three wide “Piano Key” controls. An Easy Setup Guide provides a fast and intuitive way to select a color correction mode for your diving environment, allowing you more time diving and less time scrolling through menus.

## Technical Features

**Permanently sealed:** 32GB or 64GB of internal memory  
**SONY® CMOS 16 megapixel image sensor**  
**Full HD 1080p @60fps** video resolution  
**Focus from 12in / 30cm to infinity**  
**2.4" TFT LCD color display**  
**2350 mAh, 3.7V. 8.7Wh lithium ion battery** for 3+ hours

## Special Features

**Easy Set-up mode:** on-screen guide is simple, fast and intuitive  
**4 Land & Sea™ scene modes:** Land, Dive, Snorkel, and Light  
**3 built-in underwater color correction filters**  
**3 Wide “Piano Key” Controls** for easy operation, even with dive gloves on  
**Adjustable field of view:** 130° Wide (default), 100° Medium or 80° Narrow  
**WiFi** to wirelessly preview, download and share pictures/videos  
**Up to 64GB of internal memory,** 25,000+ 16MP stills or 12+ hours of full 1080p HD video  
**Time lapse shooting mode, upside shooting mode, shortcut mode**  
**Expandable** with 10x Close Up Lens, Super Macro Lens and Sea Dragon Photo-Video-Dive Lights  
**Depth rated to 200ft / 60m**

**WiFi** to wirelessly view, download and share pictures and videos to smart device using the **SeaLife Micro Cam app**

2.4" LCD display and “Piano Key” controls for easy underwater use

# SeaLife ReefMaster RM-4K

## 4K Extreme Compact

Photo by Neil Andrea for SCUBAPRO, [www.scubapro.com](http://www.scubapro.com)

### Finally, a ultra-high definition camera for underwater

Capture **vibrant 4K underwater video** with a ultra-compact camera especially designed for underwater video and imaging. The **ReefMaster RM-4K** makes it a reality, and you have the ability to switch to 14mp still images instantly. Waterproof to 130ft/40m, the ReefMaster RM-4K underwater camera is a game changer in underwater imaging; the housing is robust and designed to be hand-held, tray mounted or worn on your head, mask or body. Unlike cheaper plastic box-style enclosures included with popular action cameras, the unique ReefMaster Dive housing assures consistent leak-proof performance with its "Pressure-Lock" sealing system.

The ReefMaster RM-4K pairs easily with a variety of **Sea Dragon Photo/Video Lights**, to add vibrant colors and detail.

**REEFMAS<sup>TM</sup>**

## Ultra Compact Underwater Camera

### Item SL350

Experience unparalleled ease-of-use with the ReefMaster RM-4K, featuring a pocket-sized design with a 14 megapixel Panasonic® CMOS image sensor and ultra-high definition 4K video. The compact, portable design ensures you can take the ReefMaster anywhere. Capture brilliant 4K video with a built-in Fisheye Lens that allows you to closely approach your subject while still keeping everything in the picture. And with SeaLife's know-how in underwater lighting, you'll easily be able to pair your RM-4K with a suitable Sea Dragon light for any underwater scene or situation.

Removable, compact inner camera features a 2.0" TFT color LCD screen

### Technical Features

**14 Megapixel Panasonic® CMOS image sensor** for sharp, colorful pictures

**4K Ultra HD Video at 30fps** and 1080p HD Video at 60fps

**40m/130ft Compact Underwater Housing**

**Humidity Control** with replaceable Moisture Muncher dry capsules

**Wide Angle Fisheye Lens** to get close to your subject and still get everything in the picture

**2.0" TFT color LCD Display** to keep you on your subject and for quick review of your underwater adventure

... The "Pressure-Lock" thumb screw sealing system ensures your camera stays dry.

### Special Features

**Waterproof to 130ft / 40m** using "Pressure-Lock" thumb screw sealing system

**Easy 4 button controls** for easy operation

**WiFi** to wirelessly preview, download and share pictures & videos to smart phone or tablet with a free app from Google Play Store or Apple App Store

**Expandable memory** with micro SDHC memory card up to 128GB

**Compact design** for easy handling and lightweight travel

**Removable Li-ion rechargeable battery**

(1100 mAh / 3.8V / 4.2Wh for 2+ hours video or 500+ images)

**Focus from 12" (30cm) to infinity** optional Macro Lenses available

**Time lapse shooting at set time intervals** – saves as video file or series of still images

**Expandable** with one or more SeaLife Sea Dragon Photo/Video Lights

# Lens Options

## 10x Close Up Lens

### Item SL570 for Micro series

The 10x Close Up Lens gives the Micro series a focusing range of 6 to 24 inches (15 to 61cm) for close up underwater images and video. The lens brings the camera's image and video capabilities to the smallest details. Easily attaches and removes from the camera underwater and includes a small lanyard to secure it while in use.

## Super Macro Lens

### Item SL571 for Micro series

The Super Macro Lens captures the intricate details of your photo and video subjects from 3.5" to 7" (9cm to 18cm). Features 2-element optical grade wet lens with anti-reflective coating and anodized aluminum construction with rubber press-on lens mount. Includes two removable focus distance sticks, safety lanyard and protective pouch.

## Super Macro Lens

### Item SL976 for DC2000

Capture sharp details of tiny sea creatures from 1.5" to 4" (DC2000; 4cm to 10cm). Works with Sealife DC-series cameras. Easy push-on mount with AR coated 2-element optical grade lens, includes M52 adapter for mounting 52mm lenses and filters to your DC-series camera.

## DC Series 52mm Lens Mount

### Item SL977 for DC series

The DC Series 52mm thread mount presses on the DC2000 and other DC Series housings. Photographers will now have a wide variety of lenses and filters to choose from.

Also available is a 52-67mm step-up ring (Item SL978), for larger M67 lenses.

# DC2000™ Camera Sets

## DC2000 Pro Flash Item SL745

Bring out amazing colors with the intuitive DC2000 Pro Flash. Paired with the DC2000, the Sea Dragon Flash produces rich, deep colors and reduces backscatter. The set includes a Flex-Connect Single Tray, Grip, Sea Dragon Flash, and the DC2000 underwater camera.

## DC2000 Pro 2500 Item SL744

Combined with the powerful Sea Dragon 2500 Light and the DC2000 underwater camera, the DC2000 Pro Light will capture vibrant underwater colors that are typically muted and color-less. The sun-like Sea Dragon 2500 will make stills and videos extraordinary. The set includes Flex-Connect Single Tray, Grip, Sea Dragon 2500 light, and DC2000 underwater camera.

## DC2000 Pro Duo Item SL746

Perfect for shooting colorful underwater stills and HD video, the DC2000 Pro Duo comes fully equipped with the DC2000 underwater camera, Sea Dragon 2300 Auto light, and Sea Dragon Flash. The versatile set gives the diver the ability to use the light and strobe simultaneously. The Sea Dragon 2300 Auto Light features Flash Detect Mode that automatically turns off the light for one second when detecting an external flash.

The included two Flex-Connect Grips and Dual Tray provide improved handling of the camera set while maintaining comfort and stability. The Sea Dragon 2300 also offers a unique auto-dimming feature which adjusts brightness based on distance.

# micro 2.0™ Camera Sets

## Micro 2.0 Pro 1500 Item SL514

Ideal for colorful and sharp stills and videos, the Micro 2.0 Sea Dragon 1500 Pro includes the Sea Dragon 1500 Photo-Video Light, Micro 2.0 32GB WiFi Camera, Flex-Connect Micro Tray, and Grip for stability and handling. The Sea Dragon 1500 Light has a Color Rendering Index of 80, 5700k color temperature to simulate natural sunlight, adding beautiful colors to underwater photos and videos.

## Micro 2.0 Pro 2500 Item SL516

Reveal stunning colors with the Micro 2.0 Pro 2500. The Micro 2.0 Pro 2500 pairs the Micro 2.0 64GB WiFi underwater camera with the powerful Sea Dragon 2500 light, Flex-Connect Micro Tray, Grip, Flex Arm and case. Featuring an ultra-wide 120° beam, high Color Rendering Index of 90 and 5000k color temperature, the sun-like Sea Dragon 2500 produces underwater images and videos bursting with color.

## Micro 2.0 Pro 5000 Item SL518

The Micro 2.0 Pro 5000 combines two sun-like Sea Dragon 2500 Lights with the Micro 2.0 64GB WiFi underwater camera to create the a versatile package for the underwater photographer. The set packs an astonishing 5000 lumens, capturing rich and natural color in underwater photos and videos while the ergonomic Flex-Connect Dual Tray, Grips, and Flex Arms provide stability and easy handling. Dual lighting also minimizes shadows in your photos and videos.

Capture every detail in your underwater photography and videos with the included Sealife 10x Close Up Lens and Super Macro Lens. The 10x Close Up Lens gives the camera a focusing range of 6 to 24 inches while the Super Macro Lens captures macro images and videos from a 3.5 to 7 inches.

# Sea Dragon Photo/Video Lights

Lighting, whether by strobe or LED, is the single most important underwater imaging feature next to your camera.

With SeaLife's Sea Dragon lights, you'll get the brightness, color rendering, temperature, and beam angle to produce amazing magazine quality stills and brilliant underwater video.

The Sea Dragon 2500 uses a flat panel COB LED array that closely mimics natural sunlight.

# Bring out vibrant colors with Sea Dragon Photo/Video lights and strobes.

## Sea Dragon Flash Item SL963

Universally compatible with SeaLife and most other cameras using an internal flash, the Sea Dragon Flash features variable power adjustment and large controls to easily fine tune brightness.

In **Auto Mode**, the flash will automatically adjust brightness for optimal exposure. The Sea Dragon Flash automatically "learns" your camera's pre-flash.

Includes optical cable, 7mm cable plug, universal flash link adapter, diffuser, single tray, grip and case.

The diffuser provides a wide 100° beam, ..... spread evenly, preventing hot spots.

## Sea Dragon 2100 Dual Beam Item SL670

The versatile Sea Dragon 2100 Dual Beam offers 2100 lumens across a wide 100° beam or 800 lumens at a 15° spot with just the push of a button.

The variable-power flood beam is ideal for illuminating your photo or video subject. The focused 15° concentrated spot beam serves as a dive light or can create a unique imaging perspective.

Includes single tray, grip and case.

## Sea Dragon 2300 Auto Item SL674

The new Sea Dragon 2300 Auto offers two automatic features in one: **Auto Bright** and **Auto Flash Detect** Modes. The Sea Dragon 2300 Auto delivers 2300 true lumens of brightness.

Powered by a rechargeable 25Wh lithium ion battery, the light burns for a full hour at 100% power at constant brightness with its new CREE XP-L LEDs 100° beam angle. Depth rated to 330ft / 100m.

The Sea Dragon 2300 Auto includes a Flex-Connect Grip and single tray. Easily expandable with Flex-Connect Grips, Arms, and Trays.

Also available as a light head (SL6740).

Select the **Auto Bright Mode** and the **2300 light's** photocell light sensor will automatically regulate brightness based on proximity to the object in 10-step brightness levels; look at something close like a gauge or your computer, and the light will reduce to 10% brightness output; look at a long distance, and the light automatically adjusts to full power.

The **Auto Bright Mode** can be easily over-riden if a constant brightness level is preferred by simply selecting the 100%, 50% or 25% brightness through the main control button.

The Sea Dragon 2300 Auto's **Auto Flash Detect Mode** turns the light off for one second when an external flash is detected. This assures a well lit photo and prevents shadows in your images. Auto Flash Detect Mode can also be turned off if this feature is not desired.

## Sea Dragon lights make it easy to add light and color to your underwater stills and videos.

## Sea Dragon Fluoro-Dual Beam Item SL673

In partnership with Fire Dive Gear, SeaLife develops their new Sea Dragon Fluoro-Dual Beam that emits a powerful blue light beam and adds an integrated dichroic filter creating the optimal light wavelength to excite

underwater life. The integrated LED driver circuitry allows the light to operate at constant brightness throughout the battery life, so the light will not dim as battery power is reduced.

**Switchable beams** quickly adjust with the push of a button from **blue fluoro 65° flood** to **white 800 lumen 15° spot**, making the Fluoro-Dual Beam a truly versatile dive light. A

removable 25Wh lithium ion battery delivers power for a full 60 minutes at full fluoro brightness.

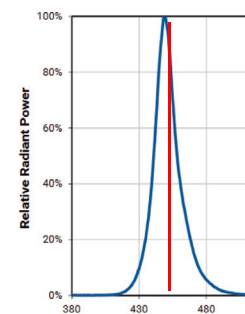

The Sea Dragon Fluoro-Dual Beam also includes two essential **yellow barrier filters**; one for optimal fluoro-viewing and a universal lens cover for imaging.

### Why use a dichroic filter?

The CREE Royal Blue LEDs emit a light wavelength that ranges between 440nm and 465nm, but a tighter 455nm wavelength is needed for an optimal fluoro effect.

The Fluoro-Dual Beam includes a Flex-Connect grip, single tray and SL995 Ball Joint Adapter for a universal fit.

### Special Features

Six 5W CREE XT-E Royal Blue LED's and one CREE XP-L white LED

26 watt/m<sup>2</sup> fluoro flood and 800 lumen white spot

100% Fluoro Flood, 50% Fluoro Flood, 100% white spot and 50%, white spot brightness modes

65° Fluoro flood and 15° white spot beam angles

60 minute run time (full power); 170 minute charge time

Depth rated to 330ft / 100m

## Sea Dragon Mini Fluoro

Item SL655

It's easy to see underwater Fluorescence with the new **Sea Dragon Mini Fluoro**.

The **Sea Dragon Mini Fluoro** Underwater Fluoro Light's royal blue LED emits a blue light combined with a finely tuned and proprietary dichroic filter that pinpoints the exact light wavelength to get the highest energy response from the underwater plant or creature for an amazing underwater light show. The light functions are easy, with simple one handed operation and three Fluoro power levels. And to eliminate any excess blue light, a yellow barrier mask filter is included. Runs on two CR123 or a single rechargeable 18650 Li battery (batteries not included).

### Special Features

**CREE XT-E Royal Blue LED with Integrated Dichroic filter**

**7 watt/m<sup>2</sup> brightness at full power, 4.3 W/m<sup>2</sup> at medium and 2.1 W/m<sup>2</sup> at low power**

**14° beam angle above water and 10.5° underwater**

**120 minute run time (full power); up to 8 hours at low power (using 3400mAh Li battery)**

**Depth rated to 330ft / 100m**

## Sea Dragon Mini 900

Item SL653

### Special Features

**CREE XM-L2 T6 LED**

**100%, 50%, 25%, one second blink, emergency SOS**

**14° beam angle above water and 10.5° underwater**

**120 minute run time (full power); up to 8 hours at 25% power (using 3400mAh Li battery)**

**Depth rated to 330ft / 100m**

With the **Sea Dragon Mini 900** Underwater Dive Light, a high intensity long-range beam meets ultra-compact design. The Mini 900 features a 14° spot beam\* and three easy one-handed access power levels plus emergency one-second and SOS flash. A heavy duty BC lanyard and clip is included. The light runs on two CR123 or a single rechargeable 18650 Li battery (batteries not included).

The Sea Dragon Mini Fluoro also comes with a mask filter.

# The Sea Dragon 4500 Photo/Video Light makes it easy to capture clear, professional video.

## Sea Dragon 4500 Pro Photo/Video Light

Item SL675

The challenge to our engineering team was to create a **high power true lumen** professional underwater imaging light that **not only gives you brightness but also adds color and warmth**, all with a **smooth, even 120° wide beam\*** that runs for a full hour at the highest power setting.

The result is impressive; the new **Sea Dragon 4500 Pro's COB LED delivers** a whopping **96 CRI** (Color Rendering Index) and a **TLCI (Television Lighting Consistency Index) Value of 97**. Both values compare to natural sunlight, with 100 being the highest – or as “true sunlight”. The 4500 Pro also features **SeaLife's Auto Mode**, which cancels the light when a flash is fired and will adjust brightness based on distance (the Auto feature can be easily deactivated).

The Sea Dragon 4500 comes with a standard YS Adapter and Flex-Connect Adapter, for easy expansion with any YS compatible arms or with SeaLife's Flex-Connect system of arms, grips, trays and mounts.

### Special Features

**COB LED Array**

**4500 lumen white spot**

**100%, 75%, 50%, 25%, Auto**

**\*120° beam angle above water and 90° underwater**

**60 minute run time (full power); up to 4 hours at 25% power (using 50W Li-ion rechargeable battery pack)**

**Depth rated to 330ft / 100m**

Travel with ease  
and comfort.

## SeaLife Photo Pro Backpack

Item SL940

The active diver and watersports enthusiast requires more than just a gear bag for camera gear, you need a pack that travels well, is compact enough to fit into the overhead bin of small island hopping commuter aircraft, and offer all the storage solutions that the active adventurer needs for their photo gear. The SeaLife Photo Pro Backpack features a **waterproof interior**, to keep surrounding compartments dry or to keep moisture out.

The interchangeable, **multi-compartment** interior design fits photo gear up to a full sized camera and housing, such as the DC2000, several lights or strobes, one or two lenses, and batteries and all charging accessories. There's a separate slot for a tablet or small notebook PC, and deep side pockets to accommodate a monopod or tripod.

The internal compartments create secure, cushioned homes for your camera equipment. Easily movable dividers allow you to create the perfect compartments to hold your gear.

Deep side pockets hold more photo gear or beverages.

The bottom of the backpack features two large **drain holes** and six **rubber feet** to keep your gear dry and off a wet surface.

# Sea Dragon Photo Video Dive Lights

## Sea Dragon 4500 Photo/Video Light Item SL675

The state-of-the-art Sea Dragon UW photo/video light delivers 4500 true lumens in a smooth, even 120° wide beam without hotspots. Unmatched 96 CRI (color rendering index) COB LED array mimics natural sunlight.

## Sea Dragon Universal Flash Item SL963

The powerful and universal Sea Dragon Flash can be paired with nearly all brands of underwater cameras that have an internal flash. The Sea Dragon Flash includes a diffuser that increases beam angle to 100° by 100°.

## Sea Dragon 2300 Auto Photo/Video/Dive Light Item SL674

The Sea Dragon 2300 Auto gives you the option to automatically adjust brightness based on distance. The new 2300 also includes an Auto Flash Detect Mode that turns off the light for one second when an external flash is detected.

## Sea Dragon 2500 Photo/Video Light Item SL671

Here comes the sun. With a Color Rendering Index of 90, the Sea Dragon 2500 solves the issue of color-lacking underwater photos and videos by giving divers the ability to add natural sun-like light. The single tray fits all SeaLife cameras and most other brands' housings.

## Sea Dragon 1500 Photo/Video Light Item SL672

Like the Sea Dragon 2500, the Sea Dragon 1500 utilizes the light power and efficiency of a COB\* LED for natural light and colors. The Sea Dragon 1500 features a high color rendering index that makes colorful reef fish "pop" in your photos and videos.

**Sea Dragon 2100 Dual Photo/Video/Dive Light**  
**Item SL670**

Switch from 100° Flood to a 15° Spot beam instantly. The flood beam is ideal for fully illuminating your photo or video subject, while the more focused beam of the spot light can handle the tasks of a dive light or offer a unique imaging perspective.

**Sea Dragon Duo 2300 Flash**  
**Item SL964**

Whether you're shooting with the Sealife DC2000 or another camera with a built-in flash, this new Duo Light and Flash set is the perfect lighting system. The set combines the new Sea Dragon 2300 Auto for shooting video, and when shooting stills, it senses your flash and shuts off momentarily to give you a brilliant and shadow-free image.

**Sea Dragon Duo 5000**  
**Item SL989**

5000 Lumens of brightness. The Sea Dragon Duo 5000 underwater lighting set packs an astounding 5000 lumens using two Sea Dragon 2500 COB LED lights mounted on a Flex-Connect Dual Tray. The ergonomic grips increase camera stability while the dual lights increase beam angles even further.

**Sea Dragon Duo 3000**  
**Item SL969**

Utilizing two Sea Dragon 1500 lights, the Duo 3000 offers camera stability with plenty of brightness. The Duo 3000 works exceptionally well with the Micro HD or 2.0 and other compact, action cameras. The set is easily expandable giving you the creative freedom to take that winning photo or video.

**Sea Dragon 650 Micro Kit**  
**Item SLKIT04**

At 650 Lumens with a 120° beam angle, the Sea Dragon 650 Micro Kit is a capable compact set-up for your Micro 2.0 or action camera. The Grip and Micro tray add stability to your video and images. When combined with the 3400mAh 18650 battery, the burn time is an impressive 2+ hours at full power.

All lights feature a battery over-pressure safety release valve. The beam angles for the Sea Dragon lights are shown as the true, tested "in-air" (above water) beam angle. Due to light refraction, the angle tightens to approximately 33% less underwater (i.e. 120° = 90° underwater).

The versatile and compact **Sea Dragon Mini 650** mounts easily and quickly to a **cold shoe or AquaPod®** and can be **adapted to any camera**. It also **performs brilliantly as a wide angle dive or utility light**.

## **AquaPod** *Item SL913*

The Sealife AquaPod allows you to shoot pictures and videos from creative viewing angles, take self-portraits, and capture close up photos and videos of your subject while maintaining your distance. The AquaPod's corrosion-proof design assures years of use in a saltwater environment. Both the standard AquaPod (extends to 53 in / 135cm) and the compact AquaPod Mini (extends to 38 in / 97cm) fit all cameras with the included 1/4-20 standard tripod mount and adapter for GoPro® cameras.

Mini 650  
Flood Beam  
Item SL650

## **Sea Dragon Mini 650** *Item SL650*

The Sea Dragon Mini 650 has a wide 120° flood light that is ideal for photos and videos, as well as a focus light with its included cold shoe mount. A one second emergency flash signal (at full power) is accessed easily with a push of the mode button.

The Sea Dragon Mini 650 features one-button operation and illuminated three-color battery status indicator. An incredible 130-minute, full power run time is achieved with the optional 18650 3400mAh 3.6v battery. The included pair of single-use CR123 batteries yield 60 minutes of run time at full power.

The Sea Dragon 650 light includes a GoPro® camera mount, Sealife AquaPod mount, cold shoe mount, universal Y-S adapter and lanyard clip make this light unmatched in its versatility.

# flex-connect®

## Flex Arm Item SL9901

Expand your camera set with one "click." Flex Arms feature 100° of bending motion, add 7 inches in length and allow you to direct light wherever you need it. Add up to two arms per side.

## Grip Item SL9905P

The rubber-armored grip provides comfortable and improved handling for your light, flash, or underwater camera set. It "clicks" directly into any Flex-Connect Tray and accepts all Sea Dragon Light and Flash heads.

## Cold Shoe Mount Item SL991

Use the Flex-Connect Cold Shoe Mount to mount a light, flash or action camera directly to the cold shoe of your camera.

## Adapter for Action Cameras Item SL996

Mount a GoPro® camera to Flex-Connect accessories. Ideal for mounting an action camera directly above your DC-series or other underwater camera using the Flex-Connect Cold Shoe Mount.

## Y-S Adapter Item SL994

Connect any underwater light or flash that uses a Y-S Mount to Flex-Connect accessories including grips, trays, Flex Arms, and Cold Shoe Mount.

## Dual Tray   Single Tray   Micro Tray

Item SL9904

Item SL9903P

Item SL9902

The compact Micro Tray is perfect for adding light and stability to your ultra-compact camera, while the Dual Tray expands your camera set with multiple lighting options. A sturdy stainless 1/4-20 mounting bolt holds your camera in place on the trays' rubber pad.

Quickly and easily expand your camera's capabilities with SeaLife's **Flex-Connect** system – add grips, flex arms, trays and other accessories with **just a simple “click!”**

### 1-Inch Ball Clamp Item SL9907

Connects two 1-inch diameter ball mounts together. The plates are spring-loaded for easy assembly and breakdown. Its wing-nut handle features an attractive red anodized finish.

### Handle Item SL998

Use a powerful Sea Dragon Light as a handheld dive light by connecting it to this ergonomic handle. The handle also features a 1/4-20 tripod connector, so it can be mounted to trays, AquaPods, and other accessories.

### Ball Joint Adapters Item SL995    Item SL999

Connect Sea Dragon lights and Flex-Connect accessories to any underwater camera using a standard 1"/25mm ball joint mounting system, or connect any light with a ball joint mount to Flex-Connect accessories.

Connects Sea Dragon Lights to any ball joint system (SL995)

Connects ball joint lights to Flex-Connect system (SL999)

Flex-Connect Sea Dragon Ball Joint Adapter connects Sea Dragon Lights to 1" ball joint system (SL995)

Ball Joint Adapter for Flex-Connect mounts ball joint lights to Flex-Connect system (SL999)

# Accessories & Essentials for your adventure.

## DC Series Wide Angle Lens

*Item SL970*

With the SeaLife DC Wide Angle Lens, you can stay within the shooting range of your flash and still fit everything in the shot. The Wide Angle Lens will increase your shooting angle by 50% (Lens causes very slight vignette with DC2000).

## DC2000 Spare Battery

*Item SL7404*

Rechargeable 3.7V 1130mAh 4.2Wh lithium ion battery for the DC2000 camera. Powers camera for 2+ hours of operation. Can be charged inside the camera through a USB cable and DC2000 wall charger.

## USB Charger for DC2000 Battery

*Item SL7405*

Charges SeaLife DC2000 Li-Ion battery. Features backlit LCD battery status indicator and works with any USB 5V wall charger or USB port. Includes USB Charger and USB Type Micro-B cable.

## XTAR USB Mini Charger

*Item SL9825*

Charges 18650 3.6V 3400mAh and 3.7V 2600mAh 18650 Li-Ion batteries. Connects to all USB wall chargers (includes USB cable and storage pouch). Battery not included.

## Sea Dragon EVA Case

*Item SL942*

An attractive thermo-molded case for your underwater camera, light and other accessories. Protective, compact and designed to hold your essential gear. Case will easily fit into your luggage, carry-on or backpack, making travel with your gear enjoyable.

Dimensions: 10"x10"x4" (25x25x10cm)

## Sea Dragon Red Fire Filter

*Item SL9832*

Aids in underwater navigation in darkness so to keep the eyes aware and dilated, this feature also prevents frightening nocturnal sea creatures. Presses on/off underwater and works with all Sea Dragon Lights with 1200 or more lumens (Not for imaging or Sea Dragon 4500).

## Universal Float Strap

*Item SL920*

Floats all SeaLife cameras as well as most other brands of waterproof cameras and other portable waterproof devices. Recommended for the negatively buoyant Micro HD, Micro HD+, and Micro 2.0 cameras.

## Screen Shield™ Screen Protector

*Item SL5012 (2.4"), SL7402 (3")*

Waterproof screen protector for the DC2000, Micro 2.0, and other compact cameras with a screen size of 3", 2.4" or smaller. The nano coating repels water and keeps the screen free of fingerprints while protecting against scratches.

## XTAR Lithium Ion Battery

*Item SL9826*

XTAR 18650 3.6V 3400mAh Li-Ion rechargeable battery (SL9826) for Sea Dragon Mini 900, 650, Fluoro and other brands adds approximately 30% additional burn time over 2600mAh 18650 cell.

## XTAR Lithium Ion Battery

*Item SL9827*

Rechargeable XTAR 18650 3.7v 2600mAh lithium ion battery and charger for Sea Dragon Mini 900, 650, and Fluoro lights. Fully charged battery delivers up to 100 minutes of burn time at full power.

## Lithium Ion Battery for Sea Dragon Lights

*Item SL9831*

Rechargeable lithium ion battery (3400mAh, 7.4V 25Wh) for Sea Dragon 1200, 1500, 2000, 2100, 2300 and 2500 Lumen and Fluoro Photo/Video/Dive Lights. Includes protective cap.
