

Introducing the **NEW** DC800

Technical Features

- **8 megapixel** CCD for high-resolution, quality enlargements.
- **Large 2.7" LCD** for easy on-camera viewing
- **20X zoom** - 4X optical zoom plus 5X digital.
- **Auto focus to 2" (5cm)**
- **High capacity rechargeable lithium battery** 1250mAh for 2 tank dive (2+ hours or 200+ pics)
- **Fast shutter response time** and quick start-up for fast action photography.
- SD and SDHC card compatible up to 4GB.
- **22 Land modes** – Automatically pre-sets the camera for the type of scene. Includes Face-detection, Anti-shake and aperture/shutter priority.
- **640x480 Video mode with Sound**
- **Depth tested to 200 ft (60m)**
- **Wide angle optical lens** 28mm to 112mm film equivalent.

Special Features

- **Five Underwater Modes** for sharp, colorful underwater pictures anywhere in the world:
 - Sea modes with 3 UW color correction settings (Oceans Blue, Oceans Green and Rivers/Lakes).
 - Ext Flash Auto mode for automatic exposure settings when using one or two external flash accessories. Ideal for beginner and intermediate UW photographers.
 - Ext Flash Manual mode for manual aperture and shutter speed exposure controls when using one or two external flash accessories. Ideal for advanced UW photographers.
- **Spy Mode** – The camera automatically shoots continuous pictures at set time intervals.
- **Expandable** with one or two SeaLife flashes.
- **Pocket size** removable inner camera.
- **Rubber armored** for durability and sure grip.
- **Big shutter button** and widespread controls for easy access, even with dive gloves on.
