

Model No.: L-7T6

Description:

- 1) Can be used as Headlamp or Bicycle Light
- 2) Model of LED: CREE XM-L T6
- 3) LED lifespan : 100,000 hours
- 4) Output bright can come to **max 8000 lumens** [lm]
- 5) Internal wiring applies the high efficient booster circuit, working voltage is wide and can utilize the batteries in the largest extent
- 6) Waterproof design. With noctilucent O type seal, it can be used normally in rainstorm
- 7) Aluminum alloy casing
- 8) Aluminum alloy reflector
- 9) Battery overcharge protection, Low battery warning.
- 10) 2-color/2-mode LED indicator displays remaining battery capacity.
- 11) 3 switch Mode: high / low / strobe
- 12) Model of Battery required: 1 x 8.4v 8800mAh Battery Pack
- 13) Colour : Black
- 14) Dimension : 56mm
- 15) Length: 55mm
