

HF-S11 Housing

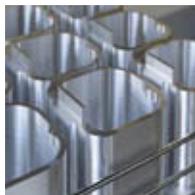

Compact HD Dive Buddy

The **Gates HF-S11** heralds a new generation of refined underwater HD imaging. With a full 8 megapixels, big LCD viewfinder window and Gates Precision ports, clarity previously unavailable in a compact housing are at your command. The HF-S11 provides fingertip mechanical control of camera functions, including full menu access. Drop the Canon remote into the shell and White Balance, Tele Converter and all embedded menu functions are readily available.

Gates legendary reliability is inherent in this tiny traveler, ready to capture your finest undersea images 24/365. Reliability, durability, dependability – the Gates hallmark for over 40 years. *Compatible models: Canon HF-S10 / S11 / S100 (XR520 housing shown)*

Key Features

Durable, "Bulletproof" machined aluminum, black type III 'hard' anodize finish, and sealed with a nickel-acetate process.

Reliable Fingertip Controls are 100% mechanical -- no sticky buttons, faulty electronics or dead batteries!

LCD Window is your big, built-in viewfinder with wide viewing angles.

Precision Ports mean clarity, sharpness and no vignetting (cutoff dark corners) to spoil your images – critical for HD.

2-Year Warranty. Only Gates offers a 2-year renewable warranty on all housings.

Accommodates all Camcorder Battery Sizes up to BP-819 for maximum shooting between re-charges.

- * 9.5" D x 5" H x 10.4" W (15.5" w/handles)
- * 24 cm L x 13 cm H x 26 cm W (39 cm w/handles)

* Warranty

- * 2 Years *renewable*

* Construction

- * Machined Aluminum w/ Type III 'hard' anodize & Nickel Acetate Seal. Stainless steel hardware.

* Weight

- * Dry: 7.5 lbs / 3.4 kg
- * In Water: slightly negative

* Depth Rating

- * 450 feet / 137 meters

* Batteries

- * Accepts all batteries up to BP-829.

HF-S11 Housing (2)

Port Options (Preliminary)

Standard Port SP32
This 1:1 port is optically corrected for underwater use.

Flat Port FP32
Good for macro work, the Flat Port allows full zoom through and use of diopters.

Wide Angle Port GP32
A Gates workhorse. Optical polycarbonate dome is field replaceable. Typical field of view is 70-80 degrees.

Light Options

NiteRider

Compact, reliable, and fully integrated to Gates housings, NiteRider video lighting is available in 28 to 56 watts of HID or halogen technology.

Green Force

Elegant Belgian design is robust and powerful. Supplied by F1 or optional F11 batteries, the HID 50 burns 20 total watts for 120 or 240 minutes, respectively. Fully integrated with Gates.

Accessories

Gates Pole II, Tripod Mount, Microphone, Water Alarm, and more.
