

Welcome to SUBAL monthly!

as part of a new strategy and in order to improve the information flow with our distributors and dealers worldwide, Subal will communicate on a monthly base to inform about latest developments, releases of new systems, designs and accessories and product availability.

Subal monthly letter will open a communication line with our dealers to inform and receive also feedback from them concerning market developments, post important technical data and answer technical questions. This will give us at Subal a better understanding of market trends in every region, to perform better and support our products.

DEMA Show Orlando FL. Nov 2013

Stephan Dietze International Sales Subal, Todd Essick Subal Professional Photographer, Rolf Sempert Sales Subal Europa, Daniel Bothello Subal Professional Photographer Brazil, Harald Karl CEO Subal.

At DEMA Show in Florida, SUBAL booth was the meeting point for world best underwater photographers and also friends. We had time to enjoy with our Subal Pro Photographers from the US: Todd Essick, Brazil: Daniel Bothello, Mexico: Christian Vizl and many others.

Subal presented the latest on SLR housing developments, like the new housing for Canon EOS-1DX, ND7100, ND600 (same as ND610) and the new Video Housing for Sony FS-700.

We also spent great time with our distributors who joined the DEMA show

It was a great SUBAL family gathering !
