

SUBAL SGF2 for Panasonic GF2 and SUBAL SGF3 for Panasonic GF3

The SUBAL SGF2 as well as the GF3 housings allows the access to all camera functions, including Opening and Closing of the built in strobe!

A slip-on sunshade protects the monitor from disturbing reflections and backlight.

As with SLR housings the SFG housings are closed with the popular SUBAL QuickLock system.

To change the battery or the flash card the cameras do not need to be removed from the housing.

The SUBAL SGF2 and SGF3 will be delivered as standard with a flat port for the 14mm lens.

Configuration:

- W - H - D: approx.. 160 x 110 x 75 mm
- Weight approx. 660 g
- Buoyancy: All but neutral (depending on port and accessories used)
- 1 x Sea&Sea Fiberoptic Port
- Leak alarm optical/acoustic. Shown by LED above monitor window.
- Max. depth 70 m (120 m on request)
