Waterproof Cameras and Accessories

2006 Product Flyer

Worlds First Truly Waterproof,

Shockproof, Digital Sports Camera

When other cameras give up, SeaLife keeps clicking

With over 28 years experience making the world's most sold underwater cameras, we've learned what it takes to make a camera truly waterproof and shockproof. The revolutionary compact SeaLife ECOshot and ReefMaster sports camera can handle the world's most harsh environments. No other camera compares. The rubber armored body offers a sure grip and maximum durability, even when dropped 2 meters (6 feet). Drop it, drag it or dive it! It's shockproof and depth tested up to 40 meters/130 feet (ReefMaster model).

ECOshot
